

CLAIMS

1. A method for evaluating a spreadsheet file comprising:
  - obtaining said spreadsheet file in a first format on a first device;
  - 5 converting said spreadsheet file to a second format; and
  - transferring said spreadsheet file to a second device.
2. The method of claim 1 wherein said first device is a computer.
- 10 3. The method of claim 2 wherein said second device is a small device.
4. The method of claim 3 wherein said small device is a PDA.
5. The method of claim 1 wherein said converting is performed by a conduit.
- 15 6. The method of claim 5 wherein said converting further comprises:
  - gathering one or more formulas by said conduit.
7. The method of claim 6 wherein said converting further comprises:
  - evaluating said formulas by said conduit.
- 20 8. The method of claim 7 wherein said evaluating further comprises:
  - compiling code that is readable by said small device.

9. The method of claim 8 wherein said compiling further comprises:  
parsing said formulas.

10. A computer program product comprising:  
a computer usable medium having computer readable program code embodied therein  
configured to evaluate a spreadsheet file, said computer program product comprising:  
computer readable code configured to cause a computer to obtain said spreadsheet file in  
a first format;  
computer readable code configured to cause a computer to convert said spreadsheet file  
to a second format; and  
computer readable code configured to cause a computer to transfer said spreadsheet file  
to a second device.

11. The computer program product of claim 10 wherein said first device is a computer.

12. The computer program product of claim 11 wherein said second device is a small device.

13. The computer program product of claim 12 wherein said small device is a PDA.

20 14. The computer program product of claim 10 wherein said computer readable program  
code configured to cause a computer to convert said spreadsheet file is executed by a  
conduit.

15. The computer program product of claim 14 wherein said computer readable program code configured to cause a computer to convert said spreadsheet file further comprises: computer readable program code configured to cause a computer to gather one or more formulas by said conduit.

5

16. The computer program product of claim 15 wherein said computer readable program code configured to cause a computer to convert said spreadsheet file further comprises: computer readable program code configured to cause a computer to evaluate said formulas by said conduit.

10

17. The computer program product of claim 16 wherein said computer readable program code configured to cause a computer to evaluate said spreadsheet file further comprises: computer readable program code configured to cause a computer to compile code that is readable by said small device.

15

18. The computer program product of claim 17 wherein said computer readable program code configured to cause a computer to compile code further comprises: computer readable program code configured to cause a computer to parse the said formulas.
